

# City of Ladue

## Application Checklist for Standby Generators:

- 1) Site Plan indicating proposed generator location.
  - Minimum 10' from any operable door or window.
  - Meet side and rear yard setback requirements for accessory structures.

### Required Accessory Structure Setbacks:

<u>District:</u>	<u>Side Yard:</u>	<u>Rear Yard:</u>
A	50'	50'
B	50'	50'
C	10-20'*	10'
D	5'	5'
E	5'	5'
E1	5'	5'

- 2) Generator details (copy from manufacturer brochure).
- 3) Building Permit Application Form completed/ signed by property owner.

*\*Side yard setback in the C district is 10% of the lot width at the required front yard setback line (50'). The minimum required is 10', the maximum is 20', depending on the lot width. If you have questions, this can be determined by providing a site plan or survey of the subject property to the Building Department.*

**ALL DRAWINGS MUST ACCURATELY REFLECT THE PROPOSED STRUCTURE AND THE SITE THE STRUCTURE IS LOCATED ON.  
THE BUILDING DEPARTMENT IS NOT RESPONSIBLE FOR INCOMPLETE OR INACCURATE SUBMITTALS.**

## CITY OF LADUE APPLICATION FOR BUILDING PERMIT

*The owner is responsible for insuring that the information on the Application is true and complete. If your property is in the flood plain, consult with the Building Commissioner before proceeding. The City Staff will assist you in meeting the requirements of this application.*

### Requirements for Applications

City Ordinances require that an application must have the following items at the time of submission:

- Drawings and specifications – 2 sets.
- The fully executed application form which must be signed by the owner.
- \$100 deposit or the actual permit cost, whichever is less. Unless this application is for a new residence, then \$500.00 deposit is required.

The Drawings and Specifications must be drawn accurately to scale and shall include: floor plans and necessary sections to indicate clearly the character and construction of the proposed work.

The Drawings and Specifications must bear the seal of an architect or professional structural engineer registered in the State of Missouri. Sealed drawings and specifications must comply with the provisions of Section 110-71 of the City's Code of Ordinances.

### Plan Review

For interior remodels the application is forwarded to the Fire Marshal for review. Upon completion of this review, drawings are forwarded to the Building Commissioner's office for review as to conformance with the City's Zoning and Building Ordinances.

When the City's review procedure has been completed the owner/agent will be notified that the permit has been issued or the review comments will be forwarded to the owner/agent via email or phone. Building permit fees are paid when the permit is picked up.

### Permit Fees, Inspections, Inspection Fees

Building Permit fees are assessed at the time the permit is issued based on preliminary cost estimates. Above \$1,000 in cost, the fee is a base fee of \$100 plus \$5.00 for residential and \$6.00 for commercial per \$1,000 or part thereof in excess of \$1,000. The total fee shall conform to the total cost of the work or operation.

**Pre-Construction Inspections:** Structures to which alterations or additions are proposed may be subject to an inspection by the Building Commissioner prior to the commencement of work to determine the safety and condition of the structure.

**Required Inspections:** A minimum of six (6) inspections are required unless the nature of the work is such that the Building Commissioner deems more or fewer inspections are necessary. Inspection fees in excess of those paid for at the time of permit issuance must be paid at or before the final inspection.

**Failed Inspections:** The permit includes 1 failed inspection and 1 re-inspect. (if applicable) If the inspection fails for a second inspection you will be required to pay for additional inspect

### Other Important Information

**Occupancy Permit:** Required for any residence which is newly constructed, or which has been uninhabited for more than six months, or has had changes made to over 75% of the square footage of the building (excluding basements, attics, and garages.) No certificate will be issued until the residence and the property upon which it is situated complies with all provisions of the code of ordinances, all other applicable city ordinances, and all laws and requirements of the United States, the State of Missouri, St. Louis County, the Metropolitan School District, and any other Federal, State, or County agency, or public utility.

**Permit Expiration:** Permits expire three months after the date of issuance unless the permitted work has begun. One extension up to three additional months may be granted by the Building Commissioner upon written application by the applicant stating the conditions which prevented commencement of the work within the three month period. A second extension request may be granted; however to apply you must pay \$140 non-refundable fee and deliver the request to building commissioner for his review.

**Time Limit on Completion of Work:** Work for which a permit was issued must be completed within a period of time specified by the Building Commissioner but not to exceed one year from date of issuance. The Building Commissioner, with the approval of the City Council, may extend the date for completion.

**Permit Forfeiture and Cancellation:** Permits issued but not called for or accepted by the applicant within thirty (30) days from issuance shall be cancelled and the deposit forfeited. Deposits on applications subsequently denied by the Building Commissioner will be forfeited.

**Violations:** Work conducted in violation of the City's building codes will be cause for revocation of the permit. Reinstatement of a permit can be accomplished only upon application to the Building Commissioner showing that the provisions of all city ordinances are being met.

**Other Required Permits:** Grading, Tree Removal, Demolition, Heating, Cooling, Ventilation, Water Heaters, Plumbing, Electrical, Elevators, and Blasting all require separate permits and inspections. The Building Department staff will work with applicants to meet the various requirements in a timely manner.

Plans will be kept by the Building Department for two years following issuance at which time they will either be returned to the applicant or destroyed if they are not picked up.
